# Terra Umbrellas

*For every occasion under the sun*

Since its inception in 1968, Terra Furniture has followed the philosophy of its founders to offer the finest designs, best craftsmanship, and highest quality materials available in all of our products.

Terra was the first company to manufacture Market Umbrellas in the United States. Our commercial grade Market Umbrellas made of solid oak, teak, and extruded aluminum continue to be the umbrella of choice to many of the top hotels, resorts, restaurants, and homes worldwide.

We spend extra time in the finishing stages to ensure that Terra Umbrellas are of the finest quality in the industry. Our solid oak and teak umbrella frames and poles are sanded by hand, sharp corners are rounded, and the wood is beautifully finished with a weather resistant polyurethane finish before the umbrella frame is assembled.

When a project calls for colorful poles and struts to compliment the surroundings we feature our all aluminum tubular and cast frames. Durable powder coat finishes are available for the aluminum umbrellas and bases allowing easy color coordination.

The covers are made with Sunbrella® acrylic furniture or awning fabrics, or Firesist® flame-retardant fabric. Firesist® satisfies most fire codes and commercial applications such as restaurants, shopping centers, and hotel lobbies. You may also supply us with your own cover fabric to meet your design specifications. A wind vent comes with most umbrellas to ensure stability on those breezy summer days.

With so many options, every Terra umbrella can be a unique work of art. Your choices are unlimited with our wide spectrum of colors and fabrics. Special effects can be created with strip lighting, for both commercial and residential uses and we offer silk-screened names and logos on most fabrics.

The result is Terra Umbrellas are the designers' choice for color, material, and above all, quality.

# Design. Quality. Value.

MADE IN USA

## Pole Materials

Terra features a choice of 1½", 2" or 2½" diameter poles from solid oak or teak with a weather-resistant finish. The 1½" aluminum poles are powder-coated.

## Hardware

Non-corrosive stainless and brass hardware connect the struts to the ribs for easy repair for maintenance needs.

## Hubs

Our hubs are made from solid oak or teak with a weather-resistant finish or with powder-coated cast aluminum.

## Brass Chain and Pin

Long-lasting brass chain and pin are used to adjust the height and fabric tension of the umbrella.

## Pulley System

The easy-open pulley system is an option that simplifies opening and closing. Crafted of leather with brass and stainless steel pulleys and a polyester cord, this durable mechanism can be factory-installed or added at a later date.

## Decorative Finial

Sculptured solid hardwood with a weather-resistant polyurethane finish provides a pleasing accent to top off the umbrella. The cast aluminum finial can be powder-coated to match the frame color of the aluminum pole.

## Silk-Screening

All of Terra umbrellas can be silk-screened with your logo or text on any Sunbrella® color fabric. We do not have a minimum order for printing, so if you need only one panel printed on one umbrella, we can help!

## Options

Terra has many options available when your project calls for a special application including a custom size umbrella or base, valances, alternating panel colors, additional wind vents, lighting, contrasting border or vents.

For any customization, please contact customer service for more information.

# Laguna

Enjoy your outdoor patio or deck area by relaxing under the shade of a beautiful Laguna market umbrella. Constructed with one piece solid oak poles and struts, brass hardware, and stain-resistant Sunbrella® fabric make Laguna umbrellas the best quality umbrellas in the industry. Each of the strut fabric corners are protected by heavy-duty stitching to prevent rips and tears, and are reinforced with brass tips. This commercial grade fabric is easy to care for and stain- and mildew-resistant with wonderful rich color that will last through the years.

# Malibu

When your commercial installation, seaside resort, or private backyard and poolside setting calls for the utmost in strength, durability, and fire-resistance, or colorful poles and frames to complement the surroundings, the all-aluminum Malibu market umbrella rises to the top of the list. The Malibu is available in square and octagon shapes and can be ordered in many colorful, durable powder coat finishes for easy color coordination. Add a wide selection of durable easy-to-clean fabrics designed for the great outdoors and you have a performance product that will satisfy the most demanding environment.

This contemporary umbrella built to provide years of service in the toughest conditions is a top choice for commercial markets and seaside resorts, as well as private backyards and poolside settings. The durable, non-corrosive aluminum Newport compliments any environment desiring luxurious styling, performance, and ambiance. Choose from many colorful finishes that best suits the environment and from an abundance of acrylic fabrics that best coordinates with your surrounding architecture and décor and let us do the rest. Do you need to customize further? Contact our account managers. We are committed to meeting your specifications.

**MADE IN USA**

# Sundance

Sundance brings excitement and fun to the outdoors and compliments the surrounding architecture and décor of any environment. Inspiration taken from a toy pinwheel, this two-tone design can be customized in a wide variety of solution-dyed acrylic fabrics. Personalized special effects can be added with a silk-screened descriptive design, name or logo on most fabrics. This octagon shaped umbrella is 9½' in diameter and available in many colorful finishes on a durable aluminum frame or a solid oak frame finished in natural weather-resistant polyurethane. Sundance is an exciting addition to Terra's market umbrella collection which has set the standard for commercial and residential applications for over 30 years.

# Capistrano

The Capistrano Market Umbrella represents the best possible harmony between shape and function and will provide the finishing touch to your outdoor setting. It combines elegance and durability and becomes the crowning jewel of the area it covers.

Constructed of large scale solid oak poles, struts and hubs, heavy-duty stitching and brass tips to prevent ripping plus stain and mildew-resistant Sunbrella® acrylic fabrics, this designer model meets both the changing needs of outdoor living and the diverse requirements of the professional.

# Marina

The perfect addition to a patio and an excellent choice to compliment teak furniture, the Marina teak market umbrella is the one you have been looking for. Often seen as the ultimate wood material for outdoor furniture teak is one of the hardest, strongest, and most durable of all woods. Used for boats and docks, it is a close-grained hardwood with protective natural oils which are almost impervious to the effects of the sun, rain, frost or snow, and is resistant to rotting, too. Nothing dresses up the patio, garden, or pool side like the beautiful patina of teak covered with a wide selection of colorful easy-to-clean fabrics.

# Coronado

The Coronado Hexagon market umbrella is the perfect accent for the club house, pool, or patio. Constructed with one piece solid oak poles and struts with a weather-resistant clear finish, the Coronado provides the best in craftsmanship, design, and quality to your outdoor setting. Add a touch of color from a wide selection of durable, easy-to-clean acrylic covers to match your outdoor décor. A wind vent is standard and personalized special effects can be created with silk-screened names, logos, or descriptive design on most fabrics. For an added touch, low-voltage strip lighting turns the Coronado into a web of stars and instantly creates a festive atmosphere.

# Montecito

Eclectic lifestyles inspired the design of the Montecito market umbrella. Combining contemporary aluminum frames with traditional solid teak finials and hubs allows this umbrella to be used in any setting. Montecito umbrellas fitted with a wide selection of durable weather-resistant fabrics over beautifully finished powder-coated frames create an atmosphere that will delight your guests. Silk-screened logos and other graphic treatments in multiple colors can be applied to the fabric covers or valances for your projects requirements. Wind vents are standard.

# Monterey

The traditional look of the Monterey Collar Tilt Umbrella combines the ruggedness of strong, durable aluminum and the flexibility for maintaining your perfect shady spot. A “Stay in the Shade” collar tilt system allows you to block moving-sun rays. With the Collar Tilt Umbrella you just reach over and turn the collar to tilt the umbrella up or down and your shady spot is back. A complete array of acrylic fabric covers are available to coordinate with your seating pieces.

Your decision to purchase a Terra Balance Umbrella and your personal selection of shape and cover options acts as an expression to be reflected in your garden, courtyard, pool or home.

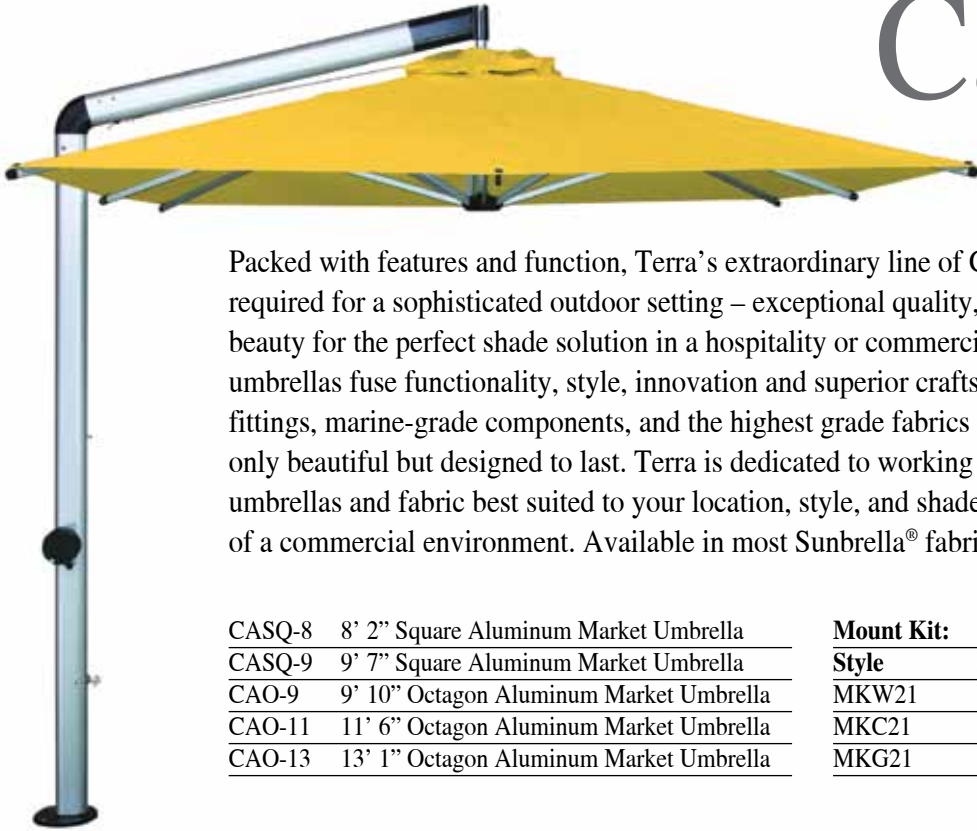

The Balance Umbrella is easy to operate and opens with minimal force by simply pulling down on the center cage – no crank, no pulley! Easy tilt adjustment can be made by pulling down on any of the struts to the desired angle. The Balance Umbrella is available in 9' and 11' octagon and 6' and 8' square sizes. Solid oak frame construction with a choice of Sunbrella® fabrics add to the quality and craftsmanship expected from any Terra market umbrella.

MADE IN USA

# Cantilever

Packed with features and function, Terra's extraordinary line of Cantilever umbrellas offers everything required for a sophisticated outdoor setting – exceptional quality, functionality, durability, and hard-to-beat beauty for the perfect shade solution in a hospitality or commercial setting. Our multi-position Cantilever umbrellas fuse functionality, style, innovation and superior craftsmanship. Aluminum masts, stainless-steel fittings, marine-grade components, and the highest grade fabrics combine to create umbrellas that are not only beautiful but designed to last. Terra is dedicated to working with design professionals to help select the umbrellas and fabric best suited to your location, style, and shade needs, and to withstand the wear and tear of a commercial environment. Available in most Sunbrella® fabrics.
